

# PMI SUN CITY NEWSLETTER

April 2023

Issue 04

## Hello, Sun City!

Hope you are all doing well! Although we did not hold a virtual meeting in April, we had a wonderful in-person event to celebrate our chapter's 10-year anniversary. On May 4, 2023, we hosted a social event at Hope & Anchor, which was a great success. We had an excellent turnout, and it was fantastic to see everyone engaged in conversation, meeting new people, and reconnecting with familiar faces.

During the celebration, we were honored to have Jaime Andrade, one of the original founding members, join us. We were also proud to acknowledge Terry Vicuna, our current VP of Finance, as another founding member. Let's all give Jaime and Terry a big round of applause for their vision and dedication that started all this ten years ago!

We are so grateful for your continued support of our PMI Sun City chapter, and we can't wait to see you at our next event!

Don't forget to follow us on LinkedIn and Instagram!

Check out this reel for pictures of the event:

[Leadership Institute](#) is an extraordinary program with a number of in-person and virtual training opportunities to help you develop as a leader. Every year, PMI hosts an in-person Leadership Institute Meeting (LIM). LIMs provide Chapter Leaders with the opportunity to learn about regional direction and priorities aligned to PMI strategy. LIMs also provide the platform for chapter leaders to share ideas and best practices in an open, diverse, and collaborative community. This year's North America Leadership Institute Meeting (NALIM) was held in April, in San Diego, CA.

We are excited to announce that our chapter board recently attended the PMI Leadership Institute Meeting (LIM) event. The LIM event is designed to develop chapter leaders to become effective leaders of sustainable, successful chapters and keep them up to date on PMI's strategy and initiatives.

Check out this YouTube video of [Highlights from the PMI North America Leadership Institute Meeting 2023](#)

Our board members who attended the LIM event returned with new leadership skills, up-to-date information about PMI's strategy and initiatives, a better understanding of the unique needs and goals of our region, and valuable connections with other chapter leaders and PMI staff. This means that they are better equipped to lead our chapter and serve our members.

We are proud to have our board members attend this prestigious event and bring back valuable insights and connections. Their attendance at LIM is a testament to our chapter's commitment to staying current and effective in our leadership approach.

We look forward to sharing the benefits of the LIM event with all of our members and continuing to provide a high level of service and leadership to our community.

**300+ chapter leaders from across North America come together for a group photo - a daunting task for even the most skilled project managers! 🤪**

We look forward to hearing from you and connecting you with our dynamic community of PMI Sun City.

# UPCOMING EVENT

Join us for an exciting presentation featuring **Kyle Ibarra**, a seasoned mentor and currently the Chapter Mentor of PMI Sun City. Kyle will share his experience in creating a successful mentoring program that focuses on nurturing leaders and mentors to assist in the professional development of Chapter Proteges. As the first Chapter Mentor of PMI Sun City, he has been an active member of the organization for many years, having previously served as President for two consecutive terms.

Kyle's approach to mentoring is that of a coach, as he focuses on setting goals and tasks that are required to achieve those goals. He believes that this approach helps in nurturing a growth mindset in his team, enabling them to think independently and critically in their profession. This has helped him create a culture of mentoring that produces leaders who are equipped with the necessary skills to guide protégés to become the tutors of tomorrow.

In this presentation, Kyle will guide mentors on how to create multiplicities of different mentoring styles by members willing to instruct others. He will also share his insights on how personal development and aligning personal goals can amplify one's ability to think critically and independently in their profession. Attendees will gain valuable insights into how to create a successful mentoring program and develop their own coaching skills to become effective mentors. Don't miss this opportunity to learn from Kyle Ibarra and take your mentoring skills to the next level!

**Virtual Event Date:** Thursday, May 25, 2023 @ 11:30am MT

[Register Now!](#)

We are thrilled to announce that our website has undergone a significant facelift! Our team has been hard at work implementing new tools and technologies that will enhance your experience with us.

As part of this upgrade, we have decided to move away from sending calendar meeting invitations for events. Instead, **we invite you to visit our chapter website** to stay up-to-date on all of our upcoming events. From there, you can **easily register for events** and receive a notification with all the event details, including the meeting link.

We are confident that this new system will make it even easier for you to stay connected with us and participate in our events. Thank you for your ongoing support, and we can't wait to see you at our next gathering.

**Thank you for your continued support!**
